ECOTECH, TECLOY, TECBATCH, MONOTECH, UVITECH, T-FLAM, OXITECH, T-EXCELL
SANITECH**

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework. REACH requires to provide with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1 % weight by weight (w/w) to allow safe use of the product.

The writer declares that in the formulations of the aforementioned products there are no substances listed in the Candidate List (SVHC), updated on January 17, 2022, in a concentration greater than 0.1% weight / weight, as:

- _ according to the declarations of the suppliers, they are not contained in the raw materials;
- _ the production recipes do not provide for their use;
- _ are not intentionally added to the routing.

Laboratory Manager

Montagner Mauro

Additional information.

All statements relate solely to the aforementioned product. The information provided in this statement is based on the current level of our knowledge, therefore it should not be construed as a guarantee. It is the responsibility of the buyer or user that the use of the aforementioned product satisfies the specific requirements of the intended application. Due to the continuous evolution of national and international regulations and laws, product compliance may change.
